In America today, 118 women's colleges continue to exist compared with 298 women's schools in 1960. While the number of single-sex schools has diminished significantly, there are signs that the trend is reversing itself. The advantages of academic pursuit free from opposite-sex rivalry and the proven achievements of graduates from such institutions have served to convince many that an education from a single-sex school is valuable, in fact preferable. Many women graduating from all-female colleges acknowledge the fact that they feel they are better prepared as individuals to become wife, mother, career person, or to fit whatever life style they choose for themselves.

As one of the 118 institutions remaining viable and fulfilling the need for a college offering the advantages mentioned above, Mary Baldwin College can be justly proud of its fortitude and role in meeting this need. Dr. Virginia Lester, president, has been most influential and innovative and her adept managerial skills have been the impetus of progress for the college. But its existence today is also due to the foresight, hard labors, and involvement of a number of people and of various groups of people from both within and outside the college community itself.

Each group—students, alumnae, board members, faculty and administration, and the Staunton community—has provided Mary Baldwin with gifts of involvement; gifts of time, talent, inspiration, dedication to cause, and financial support. All these types of gifts are necessary and important to the continuing efforts of the college. A gift of time and talent is an invaluable, unique personal asset that some have chosen to donate. Inspiration and dedication are intangibles which cannot be purchased but which are nonetheless ingredients for vitality and the successful completion of any goal. And it goes without saying that financial support is imperative in order to maintain the school itself and the high quality educational standards to which it adheres.

Because of the gifts of involvement and because of the unselfish people who have given them, Mary Baldwin College is stronger than in the recent past to fulfill its mission of providing the best available liberal arts education and preparation for tomorrow to today's young women.

The following pages give you a capsulized up-to-date look at the involvement of these groups.

Choir Tour Is a Success

Choir tour bus departed Staunton for a four-city visit in February. The Staunton Paint and Wallpaper Company generously provided the bus banner.

Neither snow storms, the flu, nor last minute cancellations could keep the Mary Baldwin College Express from its appointed rounds. Departing Staunton on February 15th., the 35 member choir left for a planned visit to four cities. Despite the fact that several students had been fighting the flu and Staunton had experienced about a foot of snow in the previous week, the undaunted group climbed on board their Continental Trailways bus and set out to sing and tell the story of Mary Baldwin College.

Among those brave souls who were to call the bus "home" for the next week were President Virginia Lester; vice president for development, Bill Wehner; director of special projects (and tour coordinator), Betty Jean Stocker; director of Admissions, Jack Blackburn, along with Choir director Gordon Page and Mrs. Page. Also accompanying the group were student admission guides Lisa Howard, Whitney Dodd, and Elizabeth Truett.

First stop on the tour was Memphis, Tennessee where Dr. Lester was interviewed on WMC-TV by Mrs. Peggy Rofles, an alumna of Mary Baldwin. Students of the Hutchison School served as hosts for lunch and a tour of the school and later in the afternoon, the entire choir program (including a short talk by Dr. Lester and a slide presentation by Jack Blackburn) was presented at an assembly time with some 600 students in attendance.

Attendance at the evening reception was hampered by the fact that a championship basketball game between two private schools was being played.

However, our persevering group traveled on to Little Rock, Arkansas where snow greeted the travelers. Schools were closed, streets became impassable, and the reception and program scheduled at the Little Rock Country Club were cancelled.

Saturday, February 18th., found our by now somewhat weary group in Dallas, Texas. Choir members were graciously housed by members of the Highland Park Presbyterian Church, where the choir sang at 9:30 a.m. and 11:00 a.m. services. The afternoon included a reception and program at the Dallas Woman's Club with fifty-seven in attendance.

The tour then concluded on Monday at the home of Mr. and Mrs. H. E. Chiles who so generously invited the choir to present its program in their Fort Worth residence. With 123 in attendance, the choir sang its way into Texas hearts.

The tour had not been free of weather problems, illness, or disappointments but it was a great success. Students, alumnae, and friends had worked diligently to help tell people they visited about Mary Baldwin College.

MBC Students for Annual Giving Program

By BETTY JEAN STOCKER

Led by MBC junior, Carter Warren of Virginia Beach, Virginia, 31 students participated in the Annual Giving telethon appeal for parents and alumnae of Mary Baldwin. The students received 291 pledges, totaling \$7,782.50. Approximately 75% of the money pledged is new gifts and will be matched through the \$50,000 challenge fund, given by alumnae Mrs. Louise Donovan '08 of New Rochelle, New York and Mrs. Caroline Schoellkopf '43 of Dallas, Texas. The telephones were provided through the courtesy of the Westinghouse Electric Corporation plant in nearby Verona, Virginia.

Miss Warren, an English major, served as the first student extern this past year in the development office which directs the Annual Giving program. Under the supervision of Mrs. Betty Jean Stocker, she assisted in the planning and orientation of the students in this project.

Make Your Own Sundae Party Held

Some 82 students—the daughters, granddaughters, and sisters of alumnae—got together in February for a dinner and “make your own sundae” dessert. Invited by Virginia W. Munce, director of Alumnae Activities, the 34 daughters, 42 sisters, and 6 granddaughters happily enjoyed several kinds of ice cream and toppings.

Enjoying sundaes with students is Virginia Munce (second from left) director of Alumnae Activities.

Seniors Form Gift Society

The officers of Mary Baldwin College's most recent graduating class are shown displaying the Senior Gift Society Charter.

The Class of 1978 has announced the start of a tradition to challenge each graduating class to make a significant gift to the college upon graduation.

This year's class purchased a 25-year endowment life insurance policy which at the time of their twenty-fifth reunion will mean a gift to the college of at least \$25,000.

ALUMNAE
 Mary Baldwin College is fortunate indeed to have the dedicated spirit of volunteerism among its alumnae. Literally hundreds of hours are devoted to projects connected to the college by its devoted and hard-working alumnae.

Alumnae Dial for Dollars

By VIRGINIA WARNER MUNCE

For 13 nights this spring, in late March and early April, the phone lines across the country were humming with excited greetings from Mary Baldwin alumnae to other alumnae. In this new Annual Giving solicitation plan eight different cities were the sites of telethons. Banks, brokerage firms, and business offices lent the use of their phones to alumnae to make the calls.

Starting with a supper-time snack and instructions from Virginia Munce, Director of Alumnae Activities, alumnae then went to the phones for two hours of dialing classmates, catching up on their news and asking for their pledges to the Annual Giving Fund. The special message given to all alumnae was of the exciting

\$50,000 Challenge Fund which had been established by Louise Priddie Donovan '08 and Caroline Hunt Schoellkopf '43. Challenging more alumnae to give and regular givers to enlarge their gifts, callers announced that the Challenge Fund would match all new gifts and all gift increases dollar for dollar.

This successful effort was not only productive, but pleasurable for all who took part. Top honors for the most dollars raised in one night of calling go to Charlottesville, Virginia, where Mary Reuman Redenbaugh '67 was telethon chairman. The single most effective caller was Claire (Yum) Lewis Arnold '69 of Atlanta who brought in \$924 worth of pledges.

Alumnae, husbands, faculty, and staff enjoyed the indoor picnic Saturday night at the Student Activities Center. Following supper the reunion classes remembered "the way we were" with various reminiscences of student days.

Talking and sipping are, left to right, Gordon Page, professor of music, Mopsy Pool Page '48, Mary Lamont Wade '52, president of the Alumnae Association, and Virginia Warner Muncie '47, Director of Alumnae Activities.

The Way We Were—Relived

"Old friends seem to be even more precious as one gets older, and then there is something special about all Mary Baldwin girls which we know about, but can't explain."

"I had a ball. It was so good to be back and see so many old friends."

"The hours went all too quickly to catch up on everybody."

All of the above comments were overheard at the Mary Baldwin College Alumnae Weekend held May 12-14th.

A highlight of the weekend, which included workshops, dinners, and lots of fellowship, was the presentation of the Emily Smith Medallion Award to Mrs. Sarah Lacy Miller. Mrs. Miller '38 served as chairman of the 40th reunion of her class. In making the award, President Virginia Lester made note that Mrs. Miller "lives a life of joyful service to God and believes that His design for us transcends boundaries . . . she chose, through her church, to bridge the distance between her Virginia home and peoples of other cultures."

The Emily Smith Medallion Award was established and named for Mrs. Herbert McKelden Smith '06 in honor of her own unparalleled record of service to the college, church, community, and Commonwealth.

Shown are some photographs from the weekend.

Alumnae Association Board Passes Resolution of Appreciation for "From Ham to Jam"

By VIRGINIA WARNER MUNCE

At the fall, 1975, meeting of the Alumnae Association Board of Directors the Board adopted the publication of a Mary Baldwin cookbook as a two-year project. Alumnae chapters throughout the country participated in gathering and testing recipes. Over 1,000 were collected, from which the cookbook committee selected 650, organized, edited, and prepared them for publication. There have been 3,480 copies sold of the original printing of 5,000 copies.

This project would not have moved forward without the help of an "angel", Katherine Huff Tucker '26, whose generous gift toward the cost of publication made the cookbook a reality. Mrs. Tucker, of Richmond, Virginia, has always been interested in alumnae activities and has been a loyal and supportive member of the Richmond Alumnae Chapter.

To show its appreciation to the dedicated and hardworking committee who made "From Ham to Jam" possible, the Alumnae Association Board of Directors passed the following resolution of appreciation:

Katherine Huff Tucker

Resolution in Appreciation of the Cookbook Committee May 13, 1978

Authorized by the Alumnae Association Board of Directors
and presented at the alumnae luncheon

WHEREAS, in 1975 the Mary Baldwin College Alumnae Association was seeking a means of contributing ongoing financial support and attracting favorable public attention to the college, and

WHEREAS, Emily Wirsing Kelly accepted the challenge of chairing a committee to produce a cookbook in the interest of furthering these goals, and

WHEREAS, she was enthusiastically joined on the committee by the following alumnae: Mary Ellen Cranwell Deemer, Ann Wallace Glover, Cecelia Acuff Bell, Virginia Warner Munce, Margaret Carper Wal-drop, Betty Buel Winn, Elizabeth Switzer Zirkle, and

WHEREAS, the committee enlisted participation from alumnae throughout the nation by soliciting recipes and organizing chapter assistance in testing the recipes, and

WHEREAS, the committee coordinated production of the cookbook by drafting and editing the manuscript, selecting and negotiating with the printer, and capturing the spirit of the college and of the project by the creative Ham and Jam cover contributed by Ann Wallace Glover, and

WHEREAS, the cookbook has been well received and highly praised by alumnae and the public at large, so that a second printing is projected,

Now, therefore, be it resolved that: the Mary Baldwin College Alumnae Association hereby expresses its thanks to Emily Wirsing Kelly and all of the members of the cookbook committee for their tireless hours contributed to the publication of the Ham and Jam cookbook, and

Be it also resolved that: the Mary Baldwin College Alumnae Association requests that copies of this resolution of thanks be prepared and presented to each member of the cookbook committee and that it be published in the alumnae magazine.

Alumna Officiates at MALTA

In its beginning years at Mary Baldwin College, the Middle Atlantic Lawn Tennis Association tournament had an enthusiastic supporter in Bobbie Reid '61, now Mrs. Bobbie R. Bailey. Bobbie returned to Mary Baldwin to officiate at this year's tournament. A resident of Birmingham, Alabama, Bobbie did more than officiate. She also took players to the courts, checked out nets, and just helped out.

Noting that this was her first time to meet Lois Blackburn, Mary Baldwin's coach and MALTA director, Bobbie commented that, "It just seemed like I have known her all my life . . . I just hope to get back another time."

Alumna Expresses Appreciation For MBC Education

One of the nicest notes to come along in a while came in May from Frances H. Budette, who attended MBC from 1907-1911. She now resides in Baltimore. In her note, she wrote the following: "It was a seminary then, with few graduates, three or four a year. I never graduated; in retrospect, I've wondered why—I had read Ovid, Horace, Livy, and comparable classics in French. I've been grateful for the good, basic education. You were also taught to be a lady. You did not chew gum, nor did you 'roll up' your sleeves. There were no such items of apparel as shorts or pants for girls to tempt us."

Texas Alumna of 1902 Subject of New Novel

By VIRGINIA WARNER MUNCE

Bess Walcott of Dallas, Texas, left Mary Baldwin Seminary in 1902 to marry her childhood sweetheart. From that point until her death in her late 80's, she lived eventfully and always exhibited the strong-minded independence and self-direction that is admired by today's feminists.

A book about Bess, *A Woman of Independent Means*, recently published by Viking, was written by Bess' granddaughter, Elizabeth Forsythe Hailey. This absorbing first novel is told in 264 letters and a dozen cablegrams spanning the years 1899 to 1968. The major facts of Bess' life in the book are true, but the author says, "The book is heavily fictionalized. In the writing I found fact and fiction constantly reinforcing each other. I have invented freely".

Excellent reviews have accompanied the appearance of Elizabeth Hailey's book. *Publishers Weekly* says Ms. Hailey "has managed a small triumph in this first novel about a 20th century woman. A singular person, yet everywoman, too. Bess is wonderfully appealing."

A Woman of Independent Means has been chosen a Book-of-the-Month Club alternate. The paperback rights have been bought by Avon and the British publishing rights sold to W. H. Allen, one of England's major commercial publishers.

LEADERSHIP
 Supplying the gift of leadership, the members of the Board of Trustees, Advisory Board of Visitors, and Alumnae Association Board of Directors give of their time, talent, and leadership abilities.

College Saddened at Deaths of Three Former Board Members

Former Board of Trustee president, Charles P. Lunsford, passed away in February. Mr. Lunsford, who was elected to Mary Baldwin's board in 1959, was chairman of Charles Lunsford Sons & Associates, Inc. of Roanoke, Virginia. Survivors include his wife, Kathleen Thomasson Lunsford, a son, three daughters, two sisters, and a brother.

John P. Edmondson, former chairman of the Board of the Trustees, died in March in Norfolk, Virginia, at the age of 75. A graduate of Virginia Military Institute and the University of Virginia, Mr. Edmondson practiced law before joining the firm of E. P. Dutton and Company. He is survived by his wife, Mrs. Mary Dickson Cooke Edmondson, three daughters, three sisters, and seven grandchildren.

The Reverend Dunbar H. Ogden, Jr., who served on the Board of Trustees in 1942 and became its secretary in 1945, passed away in February. Rev. Ogden and his wife were residents of Oakland, California, at the time of his death.

Four New Trustees Named to Mary Baldwin College Board

At the April meeting of the Board of Trustees, four new members were named including Mrs. Margaret R. Van Clief, Mrs. Margaret H. Hitchman, Daniel G. Donovan, and R. W. Moore, Sr.

Mrs. Van Clief is a graduate of Vassar College and holds a B. A. degree in English. The mother of four sons, she has been an extremely active volunteer with such organizations as the American Cancer Society, the March of Dimes, and Heart Fund. She is a member of the Albemarle Garden Club, the Garden Club of Virginia, and Garden Club of America from which she was awarded the American Horticultural Committee Award in 1975.

In addition, Mrs. Van Clief is a former Board of Directors member of Camp Holiday Trails, Inc. for children with physical disabilities. She was one of the founders and former members of the Boards of Directors for both St. Anne's Belfield School in Charlottesville and Tros-Dale Home for Boys, Keene, Va. She also served as chairman of headquarters and "Volunteers for Van Clief" in her husband's successful bids to the Virginia House of Delegates. She is also active in Christ Church, St. Anne's Parish.

Mrs. Hitchman represents the Alumnae Association on the Board.

In addition to Mary Baldwin, she has attended Charleston Business School, Morris Harvey College, and the University of South Carolina. She also attended the USNR Midshipsman School and Supply Corps School and was commissioned Ensign in the Naval Reserve. She has been extremely active in a number of college and church related activities. In 1976, Mrs. Hitchman established the Grace Sutherland Herscher Scholarship at Mary Baldwin in honor of her mother.

Mr. Donovan is a graduate of Brown University and George Washington Law School. He is a member of the Virginia, New York and Connecticut Bars. Prior to entering private law practice, Mr. Donovan was employed by the United States Government in both Civilian Service and Foreign Service assignments.

He and his family reside on Quaker Lane in Greenwich, Connecticut.

Mr. Moore has also served on the college's Advisory Board of Visitors. In addition, he has served as a Director of First and Merchants National Bank in Staunton and on the Board of Trustees of Stuart Hall. He is owner and president of Moore Brothers Construction Company in Verona, Virginia.

Advisory Board of Visitors Elects New Officers

by BETTY JEAN STOCKER

Chairing the Advisory Board of Visitors for 1977-78 is Mrs. Robert M. Dickson (Anne Ponder '61) of Dallas, Texas. Officers serving with her are vice chairmen Chester A. Rose, New Canaan, Connecticut and G. Spruce McCain of Columbia, South Carolina. Ms. Carol Emory '65 of Washington, D. C. will serve the board as secretary.

Mrs. Dickson and her husband are the parents of two children. Anne has actively served the alumnae association on campus and in alumnae and college events in Dallas. She has just completed a term as vice chairman of this board.

Chester A. Rose and his wife, Jean, are parents of Mendy, a sophomore at Mary Baldwin. He is controller of the Union Pacific Corporation, New York, New York and served on the Academic Affairs and Career Planning Committee for the Advisory Board.

G. Spruce McCain and wife, Anne, an alumna of Mary Baldwin, are the parents of a current sophomore, Pam, and Kathy, Class of 1977. McCain is CLU with Penn Mutual in Columbia. This past year he served as chairman of the Development Committee for the Advisory Board.

Ms. Carol Emory '65, legal counsel for Bechtel Corporation in Washington, D. C., is a member of the

Career Planning Committee of the Advisory Board which will co-sponsor with Mary Baldwin's Women's Center a seminar directed toward careers for women in the fall. She and her husband reside in Washington Grove, Maryland.

Advisory Board members serve three year terms as consultants to the trustees and administrators of the college in the planning and promotion of programs and services. Alumnae, parents, and business associates throughout the country comprise the 50 member board which meets bi-annually.

Barbara Ragsdale Named President of the Mary Baldwin College Alumnae Association

Mrs. John R. (Barbara) Ragsdale III '67 was recently named national president of the Mary Baldwin College Alumnae Association. Mrs. Ragsdale resides in Petersburg, Va. with her husband, who is a periodontist, and their two daughters, Austin and Ashley. She is involved in volunteer work with the American Cancer Society and St. Mark's Methodist Church. The Ragsdales are members of the Petersburg Country Club.

New members of the Board include those whose term expires in 1981

The Mary Baldwin Conference Center

By GEORGE I. McCUNE

In January the Mary Baldwin College administration, through the innovative and creative leadership of President Lester, approved the use of Tullidge Hall on the SMA campus as a conference center. Tullidge Hall, one of the newer buildings, was constructed in 1966.

The physical plant department, with a limited amount of off-campus contract work, was able to bring the building in line for use by the deadline date of March 1, 1978. Dr. Dane Cox, Treasurer and Business Manager for the college was most supportive of the renovation program submitted by George McCune, Director of the Continuing Education Program and Coordinator of use of college facilities. Mr. Clay Bennett the new Director of the Physical Plant and Miss Ellen Stone, a Carnegie Administrative Intern representing the office of the dean of the college, completed the team supervising the decoration of the building.

Over six hundred letters were sent to a selected mailing of government, education, religious and civic organizations inviting them to consider Mary Baldwin as a location for conferences. The response to this announcement was very positive and several organizations sent representatives to tour the campus and visit the conference center.

The first conference was held in the Center on March 25 when ten students and four faculty from the Union Graduate School in Yellow Springs, Ohio contracted for their first meeting in this geographic location. The members of this conference were so pleased with the conference center and the Mary Baldwin campus that they contracted to hold a second meeting here in July and August.

In April the conference center was used by officials and students from four east coast colleges who were participating in the Middle Atlantic Lawn Tennis Association Tournament hosted by Mary Baldwin College. In May the building was the site of the first Mary Baldwin College-Washington and Lee collobrative course and housed, for the full month, twenty students from the two schools. Also during May, members of the class of 1963 occupied the third floor during Alumnae Weekend.

The college's Women's Center sponsored a weekend conference during the later part of May with out-of-town participants in that workshop staying at the conference center.

The conference center is located off Prospect Street and is situated in an attractive open area with ample parking space and adjacent recreational facilities. There are four levels in the building with the lower level providing a large open area conveniently dividable with folding doors so that five smaller conference seminar rooms can be created. On this same level there are three other rooms which will be made into informal lounges. There is a fairly large powder room on this floor, plus a dormitory type washroom.

The main floor or entrance level has a three bedroom apartment with a kitchen, private bath and large living room. The foyer and adjacent office creates an attractive entrance to the building and provides an excellent location to coordinate the conferences. There are seven single rooms on this floor plus a two-room apartment with a private bath and full dorm type shower rest room. The second and third floors have fourteen individual rooms, a two-room apartment and a common bath each providing total accommodations for sleeping 45 individuals, with the potential of expanding this number considerably by furnishing some rooms for double occupancy.

The conference center will be just one of the buildings to be used this summer. The campus will also be utilized for the Virginia's Governor's School for the Gifted, The Mary Baldwin College Special Summer Science Program, a month long workshop by The New Playwrights' Theatre of Washington, several one day and weekend events sponsored by the Staunton Theatre Wagon group, and for a large variety of evening activities by local school and civic organizations.

According to Mr. McCune and based on the number of calls and inquiries to his office regarding interest in utilizing space on the total Mary Baldwin College campus, there is great financial potential to the college in this area. This factor, along with the possibility of the college becoming a focal point for the development of art, music, and drama opportunities to be used by both the college and the community, makes the whole concept very exciting and certainly worthwhile.

You Are Invited To Attend: Women in Government Conference to be Held in October

The newly created Women's Center, under the capable direction of Dottie Geare, is in the process of planning an exciting Women in Government Conference. Plans, at this time, have not been finalized in every instance, but tentatively the conference will include such speakers as:

The Honorable Ethel Walsh, Commissioner—Equal Employment Opportunity Commission

Flora Carter, candidate for the U.S. Senate, Virginia

Pat Menk, past mayor of Staunton

Dorothy McDiarmid, delegate to the Virginia

General Assembly

The Honorable Ersu Poston, Commissioner U.S.

Civil Service Commission

The Honorable Virginia Allan, Former Deputy

Assistant Secretary of State

Toni Ford, Manager Career Planning and Manage-

ment Recruiting, General Motors Corporation

Kay Peaslee, Common Cause Coordinator of ERA

Lobbying in Virginia

Betty Southard Murphy, member and immediate past chairman, National Labor Relations Board

To be held October 12 and 13, the conference will provide workshops entitled *Politics: Running for Office; State and Local Government Careers; International Careers; Corporate Route to Government; Consumerism: Jobs and Issues; and Women's Issues as a Route to Government Careers*. The opening address to be given by Ms. Walsh is entitled "What Title VII has Done for Women." The luncheon speaker, Ms. Poston, will speak on "The Federal Civil Service as a Career." The Conference will conclude with a dinner and Ms. Murphy will speak on the topic "Women in Government and International Affairs."

If this sounds interesting to you, please rest assured that you are invited to attend. Further details can be obtained from Ms. Dottie Geare by writing the college or by calling 703-885-0811, extension 264.

First ADP Student Graduates

Not many people could combine a successful blend of wife, mother, homemaker, nursing career, and college student and succeed at all these jobs at the *same* time. But Mrs. Diane Babral has managed to go through the rigors of being a student plus accomplish her duties in the other areas mentioned above. Mrs. Babral, incidentally, became the first Adult Degree Program graduate at Mary Baldwin, when she received her B.A. degree in Psychology and Sociology and graduated summa cum laude.

Begun in August last year, the Adult Degree Program is a unique non-traditional course of study. In Mrs. Babral's case, having already obtained her RN diploma from Montefiore Hospital in Pittsburgh, Pa., courses previously taken as part of her RN requirements were transferable. In obtaining her degree, Mrs. Babral was given credit also for prior learning from working at Western State Hospital and received credits under the learning contract method and other individualized study plans. Since the program is also non-residential, it was not necessary for Mrs. Babral to be on campus every day.

Even with all the assets of the plan, the past year was not an easy one for Diane. She presently works the 3-11 p.m. shift at King's Daughters' Hospital part time as a supervisor of nurses. In addition, she had to spend a minimum of 20 hours per week on her studies. Her

Diane Babral

husband, Gerald, an employee at General Electric in Waynesboro, and her three year old son, Eric, helped and were extremely supportive. They survived late suppers and problems getting housework done, as well as allowing Mrs. Babral time and quiet to study.

Even with a home, family, and job, Diane was elected to Psi-Chi, honorary psychology society, and was selected to be listed in "Who's Who Among American Colleges and Universities."

When speaking about the Adult Degree Program, she smiles and speaks openly about her satisfaction and happiness with both her professors and the program. And on May 27th., the hard work and effort paid off. Her goal was to receive a bachelor's degree and perhaps, at some future time, attend graduate school. The first part of that goal has been accomplished.

Staunton Puppets Donate Scholarships

The Staunton Puppets, a group which performs for children throughout the Shenandoah Valley area, recently donated \$600 to two outstanding Mary Baldwin College students. The recipients are Miss Elizabeth W. Lewis and Miss Susan Miska, both rising seniors. Miss Lewis is a drama major from Greenville, Va., and Miss Miska is a studio art major from Staunton.

Staunton Puppets, an organization formed six years ago, gives performances at clubs, churches, schools, parks, conventions, etc. The non-profit organization has its own portable stage and trailer for travel. All shows utilize taped music.

Construction of the puppets and the scenery is done by members of the organization. Making a puppet is a time consuming project which requires about 30 hours to complete. Made of stuffed cotton socks and unbleached muslin, they are weighted with sand, pasted with wheat paste, painted and shellacked and dressed. They are then strung with strings attached from an "airplane control" to the head, hands, back, and legs. By using the control, the puppeteer can manage the movements with one hand.

Gwen Walsh, Assistant Professor of Physical Education and Arlette Braginetz (pictured below) are co-directors and two of the founders of the group.

Jeepers and Pierrot, assisted by Mrs. Gwendolyn E. Walsh and Mrs. Arlette Braginetz, present a scholarship check to Liz Lewis and Susie Miska. William G. Wehner, vice president for development adds his congratulations.

Local Insurance Executive Donates Quilt

Dr. Lester and Dick Eastman admire the silk quilt he recently donated to the college.

One of the most attractive and interesting gifts to be given to the college is the recent gift of an antique silk handmade quilt donated by R. W. "Dick" Eastman. Mr. Eastman is a Staunton insurance executive.

The quilt, which took about eight years to make, was completed by Mrs. Garton, Mr. Eastman's great grandmother, in 1882. The quilt has been appraised and its value set at \$1400 and now hangs in the President's outer office.

The Staunton Glass and Mirror Company donated materials and labor for framing the quilt.

Community Support Aids in NEA Grant

The community has also been supportive of Mary Baldwin's efforts to renovate and recycle most of the buildings on the former Staunton Military Academy campus. Letters of support were written by several individuals and organizations in the community in support of Mary Baldwin's request to the National Endowment for the Arts for funds to examine the feasibility of such a project. A grant of \$17,500 was received from the Endowment to conduct the feasibility study. Without the strong and enthusiastic backing of the community the likelihood of such a grant would have been diminished.

New Dimensions Campaign Progressing

The picture shown above is the presentation of a check to Mary Baldwin College's president, Dr. Virginia L. Lester, from the executive director of the Cabell Foundation in Richmond, Mr. Clinton Webb. The Cabell Foundation contributed \$100,000 under the New Dimensions program for the Staunton Military Academy property purchase.

The New Dimensions program is moving right ahead with some \$5.5 million in pledges and gifts having been received to date towards the \$10 million goal. The campaign is scheduled to conclude in 1980.

du Pont Awards Endowment to Mary Baldwin College

Mary Baldwin College has just received an endowment of \$50,000 for scholarships from the Jessie Ball du Pont Religious, Charitable and Educational Fund of Jacksonville, Florida.

The grant came after consideration by the foundation to a request from Dr. Virginia L. Lester, President of Mary Baldwin, for student financial aid and is the second grant received by the college this year from this foundation.

President Lester commented that, "Mary Baldwin encourages all able students to apply for admission to the college and believes that students should be able to attend the college that best meets their educational needs. With the cost of education increasing, more and more well-qualified students cannot meet expenses in full and must have some financial assistance. We welcome the endowment by the du Pont Foundation for this scholarship support."

News of the Faculty

In March, Dean of the College Dorothy Mulberry; Frank Southerington, Associate Professor of English; and James McAllister, Professor of Religion and Philosophy, attended a conference on Critical Issues in the Humanities held in Mobile, Alabama.

Patricia Menk, professor of history, attended the regional meeting of Phi Alpha Theta hosted by the University of Richmond in late February. Alumnae News Notes:

Secretary of Health, Education and Welfare,
Joseph Califano, Jr., has appointed NANCY
KIRCHNER Eliason '50 of the American
Association of Community and Junior
Colleges to the newly established
National Center for Research in Vocational
Education Advisory Council. The Advisory
Council will assist the Director of the
National Center, will help to determine the
location of one or more regional research
centers and will offer counsel on aspects of
vocational education research.

Ms. Eliason is currently directing two
government-supported programs which have
as their objectives the improvement of access
for women to non-traditional occupational
and career education programs in com-
munity, junior and technical colleges. Last
year she completed a study funded by the
Carnegie Corporation of New York, point-
ing out some of the problems that stand in
the way of equitable treatment for women in
occupational education.

On May 27, 1978 MELLIE HUSSEY
Hickey '37 became the first woman in the
Carolinas to be ordained to the priesthood
of the Episcopal Church. She received her
Master of Divinity Degree from Virginia
Theological Seminary last May and was
ordained to the Diaconate in June.

The service of ordination to the priesthood
was held in St. Thaddeus Church, Aiken,
South Carolina, where her husband is rector
and where she has been serving as Director
of Christian Education.

About Your "Will" to Provide a Will

By WILLIAM G. WEHNER
Vice President for Development

Did you know that about 70% of the 1.9 million Americans who died in 1975 had something in common with four former United States Presidents? Namely, Lincoln, Andrew Johnson, Grant and Garfield? Yes, as you may have guessed, they died intestate (without a will). Another person of national and international reputation, Mr. Fred Vinson, former Secretary of the Treasury and Chief Justice of the United States, also died without a will. And the list could go on and on.

In Lincoln's case the intestate laws of Illinois provided that his estate was divided into equal thirds; for his widow; his son, Robert, a recent college graduate; and Tad, his young twelve-year-old son.

And guess what? The state of Virginia (or the state in which you reside) has already made provisions for the disposition of your estate in case you don't get around to it. A comforting thought? I don't think so, especially when taking the time to provide a will could save your beneficiaries unnecessary problems and costs in settling your estate or managing its assets. Besides, if you had the choice, wouldn't you rather decide what happens to your property than let the Government do it for you?

One Mary Baldwin alumna several weeks ago half-jokingly commented to me that she felt lawyers push wills just to make money and that a holographic (or handwritten) will makes more sense for individuals with smaller estates. Many people may in fact privately share this view, but I've learned quite the contrary—lawyers actually make more money administering intestate estates as well as making money trying to establish the validity of some handwritten wills! (While a handwritten will is not legal in but about half of the states, it is legal in Virginia.) A very poignant story about the dangers involved a shipping magnate of considerable wealth. He wrote his own will and among its provisions was the following, "Upon my death I hereby give all my money and property to my three daughters, and their children." The oldest daughter had five children, the second had three, and the third two. The question was should the estate be divided into three equal parts—or thirteen equal parts? Eight long years later the three million dollar estate had been substantially reduced by expensive court battles among the sisters. I would imagine, too, that the relationship among the respective families was permanently altered due to this unfortunate incident.

Another bad experience occurred at the passing of a minister who died intestate. Undoubtedly, he would have wanted his wife to receive more than one-third of his estate, yet that was her share by their state's intestate laws. The remainder of his property went to their five-year-old son. And to compound the problem, the minister's widow had to ask the court to appoint her as legal guardian of her own son! Now, every year,

she must submit a detailed report to the court. She must abide by restrictive investment procedures. If her son has to have major dental work, the court must approve the expenditure!

Well, enough of the sad news and on to the good news—at least good for your family and maybe even Mary Baldwin College. Through your will you may take maximum advantage of the marital deduction which may save you estate taxes. Also, you may set up a trust in your will to save additional taxes for your surviving spouse at his or her death. A lawyer could explain these tax saving devices to you.

EXAMPLE: Mrs. Baldwin is a widow with no children and has an adjusted gross estate of \$300,000. If she leaves her entire estate to her wealthy nephew, the estate tax will be \$53,800. (This example assumes that Mrs. Baldwin dies in 1978. The full unified transfer tax credit is being phased in over five years. If she dies in 1981, for example, the estate tax liability will be reduced to \$40,800.) or Mrs. Baldwin gives \$200,000 to Mary Baldwin College and the remaining \$100,000 to her nephew. Now the estate tax will be at zero because of this charitable gift!

While the example above is very specific, as well as simple, it can have meaningful application to someone setting up their will or contemplating a charitable contribution. However, every situation is different and state laws do vary so please consult a lawyer about your own situation.

The Tax Reform Act of 1976 made sweeping changes in our tax laws—changes include marital deductions, gift tax filing requirements, generation-skipping transfers, contemplation-of-death requirements, estate and gift tax tables, etc. I have a small brochure published by one of the better known tax experts entitled, "Women's Financial Planning." It may help you put these changes into a more personal perspective.

Please clip the coupon attached to this article and send it to me at Mary Baldwin, and I will send you the brochure without obligation.

Dear Bill:

Please send me the brochure entitled "Women's Financial Planning".
